

I'm Going to Visit the Taubman
Museum of Art!

Museums can be big places. This museum has walls that are many shapes and sizes!

When I get to the museum...

- I will walk through big glass doors
- I may have to wait in line while my adult checks in at the front desk
- If I have a backpack, I may have to leave it at the front desk before I go to see the artwork.

While at the museum I can...

- Go to **Art Venture**
- Go see the artwork in the **Galleries**
- Go to the **Balcony**

Art Venture

Art Venture is a fun place!

I can make art. I can build with blocks. I can make music. I can put on costumes and perform on a stage.

There are many colors, lights, and sounds in Art Venture.

If I need a break, I can tell my adult. My adult can take me to a quiet space.

In **Art Venture**...

- I need to use my walking feet.
- I need to share with others.
- I should use my inside voice.

Galleries

- The galleries are on the second floor of the museum.
- The galleries are the rooms where all of the artwork is on display.
- I can go to the galleries with my adult.

When in the Galleries...

- There might be a lot of people
- I might have to wait my turn to see the art
- It might be loud
- There might be sounds or lights
- Sometimes the rooms can be different sizes and can be bright or dark.
- If I need a break, I can tell my adult and my adult will take me to a quiet space.

When in the **Galleries...**

- I need to listen to my adult.
- I should use my inside voice.
- I need to use my walking feet.
- I can not touch the artwork, cases, or walls.

When in the Galleries...

- I might meet a security guard!
- Security guards are in the galleries to protect me and to protect the art.
- I need to listen to the security guard. The security guard is my friend and wants me to be safe.

Balcony

- The museum has a balcony I can visit!
- The balcony is on the third floor.
- I can go to the balcony with my adult.

While on the **Balcony**..

- I can see many things!

While on the **Balcony**...

- I might hear many noises from the cars and trains.
- It can be very loud.
- I'm up very high, so I should not lean over or climb the railing.
- I can go back into the building with my adult if I do not like the balcony.

While at the museum...

- I should remember that I can go to **Art Venture**, the **Galleries**, and to the **Balcony**.
- I should remember to follow the rules for each part of the museum.
- Most importantly, I should have fun!
